IT RISK & COMPLIANCE SOLUTIONS THAT WORK FOR YOUR BUSINESS

Established in the year 2017, Seconize is a young and dynamic startup making a dent in the Risk Management space with its flagship product Seconize DeRisk Center.

Founded by Sashank Dara (Ph.D) and Chethan Anand (M.S, M.B.A), who have combined 38+ years rich experience in building enterprise security products.

Seconize also offers specialized consultancy services in IT Risk, Compliance and Cyber Insurance space.

DeRisk Center is next generation automated risk assessment platform that identifies the Cyber Risks and translates to business impact continuously. It leverages patent pending "Predictive Risk Intelligence" technology.

DeRisk Center also automates gap analysis of numerous global and regional Compliances and Regulations.

DeRisk Center is a simple to configure SaaS product for enterprises embracing digitization and proactive at identifying digital risks.
